WORK EXPERIENCE

Vitality Center, San Mateo CA - Administrative Assistant

April 2018 - Contract

Multiple roles were covered, from patient charting to marketing. Marketing skills were leveraged to enhance service visibility and outreach, alongside providing stellar customer support to resolve inquiries and boost client satisfaction. Responsibilities also included transcription duties, effective project coordination, and managing complex file systems, all contributing to streamlined operations and organizational efficiency.

Grade Potential, San Mateo CA - Tutor

March 2024 - Contract

Delivered comprehensive instruction across all levels of mathematics, from Pre-Algebra to Calculus II, encompassing Geometry, Trigonometry, and Statistics. The approach was tailored to individual learning styles, fostering a deeper understanding of mathematical concepts and enhancing analytical skills. Additionally, interactive problem-solving sessions were employed to reinforce learning outcomes and promote the practical application of theoretical knowledge.

Majestic Solutions, Belmont CA - Administrative Assistant

March 2024 - Contract

Responsible for the management of licensing, ensuring compliance, and organization-wide adherence to regulations and standards. Proficient in web development and management, overseeing the creation and maintenance of websites, thereby enhancing online presence and operational efficiency. Provided comprehensive consultation services to optimize processes, foster innovation, and drive strategic improvements.
